Individual Lesion Changes

New Lesions

Lesions 6, 9 appeared for the first time in the last scan.

Lesions that have disappeared over time

Over time, no lesions disappeared.

**Lesions appearing throughout several scans**

• The History of Lesion 5

Lesion volume has decreased by 94% from previous scan to current scan. Volume shows both increases and decreases over time from first scan to last scan.

Classification of connected component: linear.
